[e.g. Artistic, musical, leadership...]

10. Nature _____

[e.g. Reserved, shy, aggressive...]

Section C:

Any handicap [Physical, emotional or psychological]: _____

Section D:

Most interesting curricular subject: _____

Most boring curricular subject: _____

Advantages of the PPP:

1. The sheet can be sent to parents along with the academic progress report cards and feedback invited from them. This can lead to parent teacher collaboration towards desired objectives.
2. It can help the teacher in sociometric streaming.
3. It can help when assigning responsibilities for instance in school choir, drama club, humour club etc. where each child's talents, skills and attitudes are of great importance.
4. It can help the teachers and the parents to diagnose the difficulties and take remedial action in personality problems including complexes.
5. Section D can help in getting into academic trouble shooting in the light of kid's attitudes, an 'iceberg', which often gets unnoticed.

*CCA is Co-Curricular Activities - Debates, Group Discussions, Role play etc.

**ECA are Extra-Curricular Activites and include Music, Arts [Performing as well as Visual].

[This profile is **not** expected to be used for **ranking** and **streaming** of children].
